## **SHIRT of the DAY**

Monday June 28 – AAU t-shirt or white certified officials shirt (polo can be worn under t-shirt)

**Only 2 more days to go!!** You all have done a fantastic job!! Keep up the good work.

If there is no water available in the south scoresheet room, do NOT go looking for some. I will be bringing some more in the morning. On the north side, you need to get water from the referee office. Do not go take any from behind the black curtain.

Do forget to be prepared with enough food and enough water to get you through the day. If you have one bottle of water, you can fill it at the water faucet. Take advantage of any extra minutes you have to rest. You have to properly take care of yourself (or you will make yourself sick). If you do not get enough rest or food, you will not make it through all 12 days. And right now, we really don't have extra refs to cover for you if you are not able to work. If you are working all 3 sessions, you should have/will be scheduled for ½ day off.

**\*\* Referees** – make sure you have your name in your referee bag and on/in your backpack. Know what table you sit at in the morning.

## **TRAVELING FROM OCCC TO WEST**

Tomorrow (Monday June 27), some referees will need to travel from the North/South Halls at OCCC to the West Concourse because of the way the schedule is set-up. Your last match will be at 11 or 12 in OCCC and your first match at West will be at 3 or 4. When you are finished with your matches at OCCC, come to the N322 and let the office know you are ready. And we will provide you with transportation.

## **BE ON TIME**

It's very annoying when all your matches are going great and things are on time and then your replacement is not at the court to start the next match. If you are 'off', there is absolutely no reason that you should not be at the court before the previous match is completed. Please make a more conscious effort to be at your court so matches can start on time or as quickly as possible. Thank you for your cooperation.

## **MATCH STARTING TIMES**

The first match of each wave **MUST** start on time. That means the first match on a court starts at 8 am or 3 pm. Matches may start up to 15 minutes early within the wave, but the first match must start **ON TIME**.

If a court is very early, remember the court cannot start without you. Leave the court and go to the championship desk and wait until it is time to start warm-ups, then the coaches will not be bugging you to get started.
